

TECHNICAL SPECIFICATIONS

FEATURES:

- Solid brass construction
- High quality finishing
- 2GPM water conservation aerator
- 1/2 (copper) inlet

SERVICE PARTS

wallmount lavatory faucet

wallmount lavatory faucet

This exploded view diagram illustrates the assembly of the Bosch Power Tools 2608V2 battery pack. The components are shown in their relative positions for assembly. The main assembly consists of the battery pack (1), the motor (2), the gear (3), and the housing (4). The battery pack is shown with its internal components, including the battery cells (5), the battery management system (6), and the battery terminals (7). The motor is shown with its internal components, including the stator (8), the rotor (9), and the gear (10). The gear is shown with its internal components, including the gear teeth (11) and the gear housing (12). The housing is shown with its internal components, including the housing cover (13) and the housing base (14). The diagram also shows the assembly of the battery pack into the motor housing, and the assembly of the motor into the housing base.
